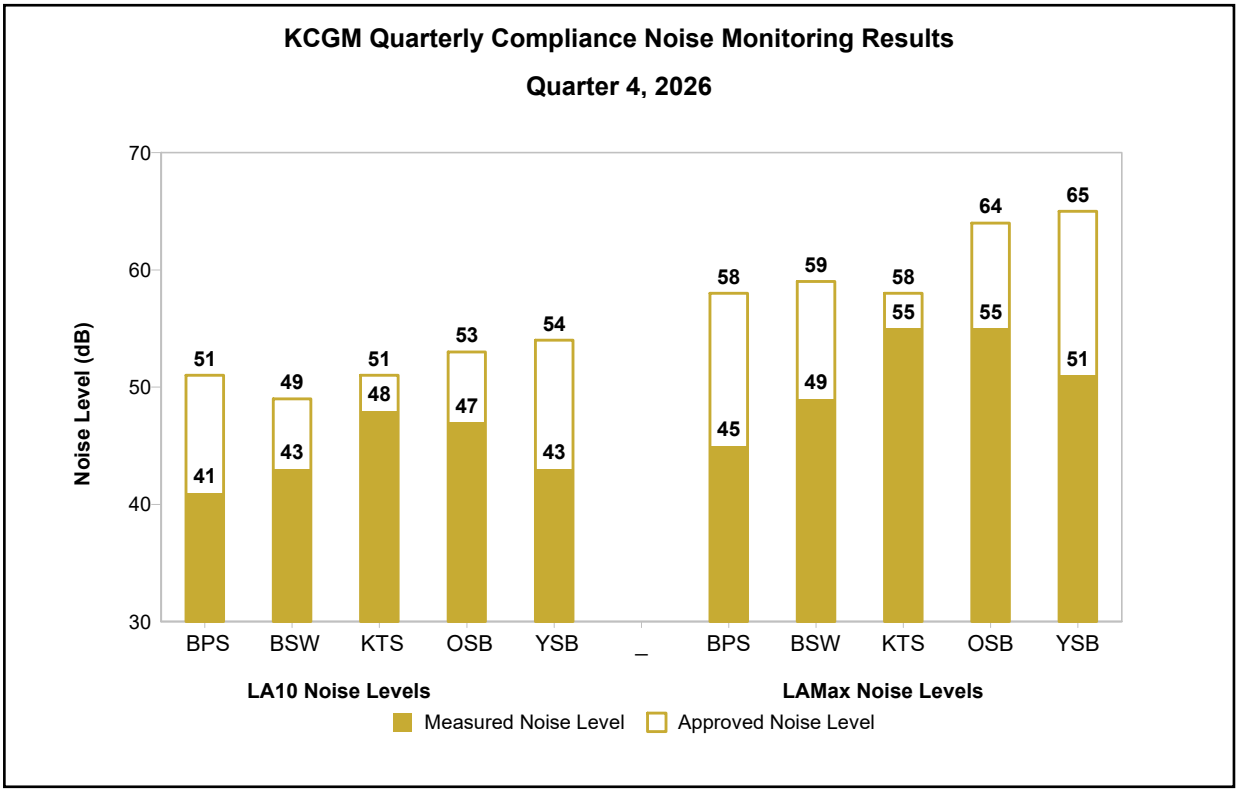
NOISE MONITORING REPORT

By arrangement with the Department of Water and Environmental Regulation, noise levels are monitored by Kalgoorlie Consolidated Gold Mines (KCGM) at five reference locations, to determine compliance against the noise level standards set in the Environmental Protection (Fimiston Gold Mine Noise Emissions) Approval 2025.

Monitoring is performed each quarter during the night time to minimise the sources of contributing noise other than mining (i.e. traffic).

The five reference locations are:

- Barton Street Williamstown (BSW)
- Boulder Primary School (BPS)
- Kalgoorlie Technical School (KTS)
- Outram Street Boulder (OSB)
- York Street Boulder (YSB)



In accordance with the 2025 Fimiston noise and Vibration Management Plan, the Quarterly Compliance Noise Monitoring results will be provided on the KCGM website www.superpit.com.au.

Please contact the KCGM Public Interaction Line on 9022 1100 if you have any queries or concerns regarding noise from our operation.
